TRAINER

Jan Mallak has over 41 years of experience in the birthing field. She is an approved DONA Birth Doula Trainer and one of 17 initially chosen worldwide as an Advanced Certified Doula. Jan founded "Heart & Hands" Doula Service in 1995 and after providing support to the community for 20 years, Jan decided to close the business. She is "mostly" retired but still trains and mentors new doulas and volunteers for several organizations. For example, Jan was on the founding Board of Directors for the Mid-Atlantic Mothers' Milk Bank which opened in 2016 in Pittsburgh. She also founded and facilitated the Milk Bank's bereavement support group called Lost & Found for 4 years (and brought her therapy dog, LiLi, to give extra support). Jan is lovingly supported by Frank, her husband of 49 years, their grown children and their only grandchild (12-year old grandson, Zeev). Jan was his birth doula!
